Dear Sir:

This letter and attachments is provided in response to the letter mailed December 20, 2004 indicating that the Amendment to the Claims mailed on October 14, 2004 was considered non-compliant because it has failed to meet the requirements of 37 C.F.R. §1.121 with respect to Claims 95-96 and 117. Specifically, Claims 95-96 and 117 were indicated as "Currently Amended"; however the claims did not show any markings to show the amended subject matter. The letter requested appropriate correction. A copy of the December 20, 2004 letter is attached hereto.

Submitted herewith are 19 pages of the claims in the application which will replace all prior versions and listings of the claims in the application. Specifically, Claims 95-96 and 117 properly show the markings to indicate the amended subject matter.

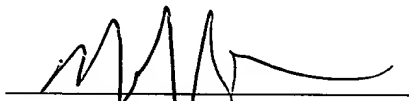

It is noted that Applicant had earlier mailed a "Submission of Substitute Pages" on October 15, 2004 with substitute pages 17 and 21 showing the marked version of "Currently Amended" Claims 95-96 and 117.

Applicants, by their Attorney, note the courtesy of Examiner Chernyshev in a telephone conversation on January 11, 2005, where the Examiner requested that a complete copy of the claims to the application be provided with this letter.

Applicants also request that all further communications concerning this application be mailed to:
